Teenage Mutant Ninja Turtles ROM Download for Gameboy Advance (GBA) on Emulator Games.. Play Teenage Mutant Ninja Turtles game that is available in the United States of America (USA) version only on this website.. A bit redundant, yes, but the game itself is quite redundant You see, not much has progressed in the beat-em-up genre aside from it moving to the wonderful world of 3D, and unfortunately, the core gameplay of beating things up hasn't aged too well. Teenage Ninja Mutant Turtles 2: Battle Nexus, just like the early arcade and NES titles, is a beat-em-up with an emphasis on beating things up.. Avalon the last stand hacked version Genesis, the god of time says, 'Aethon, patron of Alarius; Alarius, your own patron.. In the past, ninjas, turtles, and video games always made for a good combination, and with the recent revival of the pop culture icons in a new cartoon series on the Fox network, it's fair to say that the magic might just happen again with Teenage Ninja Mutant Turtles 2: Battle Nexus.. Perhaps that's why there are no effective combos or much of anything that would have spiced up the action any.. Teenage Ninja Mutant Turtles 2: Battle Nexus tries to remedy this by throwing in some platform-centric gameplay as well as some extremely light puzzle elements, but neither are too engaging or polished in any

---

respect (the platforming especially).. Now, let's move on to the positives' hmmm' well, I'm drawing a blank here The visuals are decent, if somewhat bare, and the voice-acting and cut scenes are faithful to the show, but nothing is too impressive from a technical standpoint.. Honestly, the high point of the game is the unlockable arcade version of Teenage Mutant Ninja Turtles that was released in the early 90's ' the sad truth is that it's much more entertaining than the actual game.. To its credit, you can still effectively button mash through Battle Nexus, but the real challenge lies in trying to find the motivation to do so.
